High School Teams this year looking strong:

- Faribault about 50
- Northfield about 90 (10th year with a team)
- WEM about 70
- BA about 30

Firearm Safety Classroom and Field Day: 30 registered plus 10 for field day only. Purchased new 0.22 rifles for the class.

Cowboy shooting club would like to do a demo for the High School Trap teams. Help build interest for membership. Big event for them is Gun Smoke in September. They shoot as a club the 1st and 3rd Saturday of each month.

Mike Ahlman is wondering about putting in a gate with code entry at the driveway between Ahlman's and the Gun Club. The club is supportive of the idea.

Mike Ahlman is considering moving his gun smith shooting lane. Turn it 90 degrees and build it up for added safety. The club is supportive.

Had been talk of widening the driveway and increasing parking into the hill side. This would require removal of the trailer home. That idea has been put on hold. Expanded parking towards House 1 has been very helpful. The new parking area needs additional work. More Rail Road ties to set the boundary of parking and hold the gravel. Try to address the amount of water run off comes from down the hill and onto the Skeet Range. Also good to add more seating by House 1.

Some of the gun racks are getting rotted. BA is building new racks with wheels for easier moving for mowing and such. Design info share with other schools/teams. Northfield supportive, made commitment to build more racks.

Discussion of upcoming DNR Grant cycle. Possible projects discussed. Lights for skeet. Sidewalks for House 2. Deeper Trap Houses. Adding 5 stand. Moving the Patterning Board.

Meeting adjourned.
