6. New Business:

- a. Britnee started a new thing on social media called "Meet the...." with all the board members and the high school coaches. Sent out questions for them all to answer in a fun way for people in the community and those who come to the club to be able to be a face to the names. So far it has been a really big hit!

- b. Posters of all the high school seniors have been printed and will be posted around the club house for a new fun way to help recognize some of the youth that come out here and shoot with us. Discussed the best place to hang them up. Britnee will work on getting them hung up.
- c. Britnee has been looking into ways to have our waiver and release forms to be digital and to store them digitally. She was able to find a site for free that is able to take the already typed up form and put it on the site, and have a person able to sign on a computer or smart phone. It stores the forms on the site as well as sets it up to send to email. It was agreed to set this up and try it out to see how it goes.
- d. Rod is going to work on getting an estimate together for fixing the stairs on the skeet house.
- e. Garbage service has been turned back on and should be coming out this week.
